Hard Skills

- Core Java (OOPs concept, Exception Handling, Collection)
- SQL (Commands, Joins, Subqueries)
- Good Knowledge of SDLC and its Models
- Python (Basic Concepts)
- HTML, CSS, JavaScript
- Php

Soft Skills

- Observation
- Decision making
- Communication
- Multi-tasking

Hobbies & Interests

- Reading Books
- Helping others
- Running and Outdoor games
- Singing And Dancing
- Writing Quotes and Poems

Strengths

- Good management skills
- Passionate Learner
- Good communication skills
- Ready to take responsibilities

About Me

I completed Bsc Computer Science and have interest in coding and lots of curiosity how coding works and how it is used in different fields. Want to know more about these things like different platforms, frameworks, languages and so many things.

Projects

I have done two projects during my academics

- *Car And Accessories Website*

I have used HTML, CSS, Bootstrap for Frontend and PHP. It contains many pages like product page, wishlist page, cart page, checkout page and for Backend I have used PHP and MySQL. It is used to perform CRUD operation i.e. Create, Read, Update and Delete.

- *Facial Emotion Detection App*

I did this project on Android Studio. Firstly, I built the model by using dataset and trained the model by using dataset and Python libraries. After that I have imported the model in Android Studio format and then I used it in my app and I used Firebase for database.

Education Background

- Mumbai University
BSc Computer Science
Completed in 2023

I have completed my graduation with **9.02** CGPA in 2023

- St. Xavier's Junior College
Higher Secondary Certificate
Completed in 2020

I had passed HSC examination by securing **64%** with Science stream in 2020.

- T.M.C English Medium High School
Secondary School Certificate
Completed in 2018

I had passed my SSC examinations in 2018 by securing **84%** and was awarded for being the second topper.

Certifications

MTA: Security Fundamentals – Certified
2021 – Microsoft
